Both Bonde and Susan were keenly aware of the importance of the work being conducted at NUEL. As laboratory manager, Bonde actively supported our efforts to obtain sound scientific data. His interest was reflected in his many suggestions, which frequently improved our programs and the quality of the data. Susan s infectious enthusiasm and genuine concern for the environment in which we all live was a constant source of inspiration for the people around her. This report is dedicated to the memories of Bonde and Susan as a lasting tribute to the friendships made and the work accomplished at NUEL. They shall be missed by all who knew them.
