

## Social Change and the Picture of Time

By Franz Wegener

GRIN Verlag Aug 2007, 2007. Taschenbuch. Book Condition: Neu. 210x148x2 mm. This item is printed on demand - Print on Demand Neuware - Seminar paper from the year 2005 in the subject English Language and Literature Studies - Culture and Applied Geography, grade: very good (1,0), Otto-von-Guericke-University Magdeburg (Institut für fremdsprachliche Philologien), course: Time in Cultures - Cultures in Time (Culture Studies), 19 entries in the bibliography, language: English, comment: This paper compares the pagan and medieval notion of time with the concept of time that was prevalent in the advent of the industrial revolution (specifically Hegel's Philosophy of Time is examined, which implies a linear notion of time as opposed to a circular one). Furthermore, connections are made between these different concepts and the living conditions in the times when they were found. , abstract: The organization of time is not merely a matter of managing tasks, but also closely related to the notion of time prevalent in a certain culture. This explains why pictures of time increasing its pace occur in western societies even though neither the days nor the lives of people become shorter. In this work, it is shown that the notion of time is affiliated...

### Reviews

*Excellent e-book and useful one. It is written in straightforward phrases rather than confusing. I am just very happy to explain how here is the finest publication I have got read through in my very own lifestyle and might be the greatest book for possibly.*
