The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Floris Books. Paperback. Book Condition: new. BRAND NEW, The Power of Stories: Nurturing Children's Imagination and Consciousness (2nd Revised edition), Horst Kornberger, From the great myths and legends to enchanting fairy tales, parables, fables and folk tales, stories can have a great healing and educative power. They come from our subconscious and imagination, deep inside us. They have much to teach us about ourselves, therefore, and the world we create around us. Horst Kornberger, a writer, artist and Steiner-Waldorf teacher, first explores the power of particular stories such as Odysseus, Parsifal, Oedipus, Bible stories and fairy tales. He then explains how to apply that power to help a child develop, or to heal and transform a child with difficulties. Finally he discusses the art and practicalities of creating new stories to help children with particular needs, and shows storytelling to be a universal gift that we can use to benefit those around us. This is a fascinating and inspiring book for teachers, parents and carers of children, as well as creative writers and students of literature.
