Brand New Book ***** Print on Demand *****.Astounding Stories of Super-Science Vol. I No. 1 January, 1930 CLASSIC SCIENCE FICTION Well, if you lived in Europe in 1490, and someone told you the earth was round and moved around the sun--that would have been an astounding story. Or if you lived in 1840, and were told that some day men a thousand miles apart would be able to talk to each other through a little wire--or without any wire at all--that would have been another. Or if, in 1900, they predicted ocean-crossing airplanes and submarines, world-girdling Zeppelins, sixty-story buildings, radio, metal that can be made to resist gravity and float in the air--these would have been other astounding stories. To-day, time has gone by, and all these things are commonplace. That is the only real difference between the astounding and the commonplace--Time. Tomorrow, more astounding things are going to happen. Your children--or their children--are going to take a trip to the moon. They will be able to render themselves invisible--a problem that has already been partly solved. They will be able to disintegrate their bodies in New York and...
